

## **Introduction to College Transition Math**

**Course Dates:** March 1–April 16, 2010

### **Course Description**

Through the readings and activities in this course, you will reflect on your own and your students' math backgrounds, examine and experience the college placement test your students take, try out math activities and exercises you can use in your classrooms, and explore the math knowledge and skills you will want to present to your own college transition students.

### **Objectives**

Upon completion of this course you will be able to:

- identify your own attitudes toward math and develop strategies for helping your students understand their attitudes and build on their strengths,
- describe the math skills assessed by the college placement test your students take and use that information to enhance their understanding of math concepts and skills,
- explain ways to build your students' skills in math for a successful college transition, and
- develop (or revise) a curriculum outline for your own math class.

**Course Format and Schedule:** facilitated, online

During this six-week course, you will engage in self-paced activities and readings, as well as asynchronous discussions with other course participants.

**Course Outline and Schedule:** Download a detailed course overview at <http://professionalstudiesae.worlded.org/pdf/CTMathOvMar10.pdf>

**Course Instructor:** Pat Fina

**Estimated Completion Time:** 24 hours

**Fee:** \$249.00

**Registration:** Complete and return the registration form, which you can download at <http://professionalstudiesae.worlded.org/pdf/CTMathRegMar10.pdf>. Payment must be received prior to enrollment. Registration is limited to 25 participants.

**Cancellation policy:** World Education reserves the right to cancel the course if the minimum number of registrants is not met by **February 22, 2010**.
